#### 2026 NEWGEN NGC19

Heavy-Duty Off-Road Luxury – Rugged, Fully Insulated & Built for Remote Camping. The 2026 NEWGEN NGC19 is a 19-foot single-axle off-road powerhouse engineered to tackle the roughest corrugated roads and remote tracks with absolute ease. Unlike lightweight European builds, this caravan is built on a heavy-duty steel chassis with full independent suspension and a premium off-road hitch. Inside, it offers total luxury with a permanent island queen bed, a separate shower and toilet, and high-capacity off-grid systems.

Built with a fully welded aluminium frame and high-density XPS foam insulation, this caravan comes fully certified self-contained, meaning you can stay off the grid for longer. Available exclusively at Motor Hub – New Zealand's sole authorised NEWGEN dealer.

#### Key Highlights

- True Off-Road Suspension: Heavy-duty independent trailing-arm suspension (2500kg ATM) with dual shock absorbers and a premium DO35 articulating off-road hitch.
- Welded Aluminium Frame: Full aluminium framing paired with high-density XPS foam core insulation for maximum structural integrity and thermal protection.
- Aussie-Spec Chassis: Built on a massive 4" high-grade RHS steel chassis with a 6" silver extended A-frame to easily handle extreme terrain.
- Lithium Off-Grid Power: Standard 100Ah Lithium battery managed by a smart Projecta PM200

#### Features

- » AIR CIRCULATION
- » AIR CONDITIONING
- » awning
- » CASSETTE TOILET
- » EXTRACTOR FAN
