2026 NewGen NGC19

Heavy-Duty Off-Road Luxury Caravan Built for Remote Camping & Off-Grid Adventures

The 2026 NewGen NGC19 is a 19ft single-axle off-road caravan engineered to tackle rough corrugated roads, remote tracks and off-grid destinations with confidence.

Unlike many lightweight European caravans, the NGC19 is built on a heavy-duty steel chassis with full independent suspension and a premium off-road hitch, making it ideal for exploring New Zealand's more remote locations.

Inside, you'll find premium touring comfort with a permanent island queen bed, separate shower and toilet, onboard washing machine and high-capacity off-grid power system.

Buy with confidence from Motor Hub, New Zealand's sole authorised NewGen dealer.

Key Highlights

Built for Off-Road Travel – Heavy-duty independent trailing-arm suspension, reinforced steel chassis and premium off-road hitch designed for challenging terrain.

Powerful Off-Grid Capability – Premium PM200 lithium battery management system, 100Ah lithium battery, 380W of rooftop solar power.

Island Queen Bed Layout – Permanent island queen bed offering comfort and easy access from both sides.
