2026 NewGen NGC24

Luxury Off-Road Caravan Built for Remote Camping & Off-Grid Adventures

The 2026 NewGen NGC24 is a premium tandem-axle off-road luxury caravan engineered to tackle rough corrugated roads, remote tracks and off-grid destinations with confidence.

Unlike many lightweight European caravans, the NGC24 is built with an advanced ALOPEX sandwich panel full aluminium frame on a heavy-duty steel chassis with independent coil suspension and a premium off-road hitch, making it ideal for exploring New Zealand's more remote locations.

Inside, you'll find premium touring comfort with a permanent pillow-top island queen bed, a separate expansive ensuite shower and toilet, a front-load washing machine, and a high-capacity off-grid power system.

Buy with confidence from Motor Hub, New Zealand's exclusive authorised NewGen dealer.

Key Highlights

- Built for Off-Road Travel: Heavy-duty 3.5T tandem independent coil suspension setup with heavy-duty trailing arms, reinforced off-road steel chassis with 2" raiser, 6" extended 300mm black powder-coated A-frame with mesh tray, black/silver alloy rims with 245/75/R16 all-terrain tyres, and premium DO35 off-road hitch designed for challenging terrain.
- Powerful Off-Grid Capability: Premium Projecta PM200 continuous battery management system
