2026 NewGen NGC22F

Semi-Off-Road Luxury Caravan Built for Remote Camping & Off-Grid Family Adventures
The 2026 NewGen NGC22F is a premium tandem-axle semi-off-road family caravan engineered to tackle rough corrugated roads, remote tracks and off-grid destinations with confidence.

Unlike many lightweight European caravans, the NGC22F is built with an advanced ALOPEX sandwich panel full aluminium frame on a heavy-duty steel chassis with independent coil suspension and a premium off-road hitch, making it ideal for exploring New Zealand's more remote locations.

Inside, you'll find premium family touring comfort with a permanent pillow-top island queen bed an adaptive 2 bunk layouts, a separate ensuite shower and toilet, and a high-capacity off-grid power system.

Buy with confidence from Motor Hub, New Zealand's exclusive authorised NewGen dealer.
Key Highlights

- Built for Semi-Off-Road Travel: Heavy-duty 3.5T tandem independent coil suspension setup with heavy-duty trailing arms, reinforced semi-off-road steel chassis with 2" raiser, 6" extended 300mm black powder-coated A-frame with mesh tray, black/silver alloy rims with 245/75/R16 all-terrain tyres, and premium DO35 off-road hitch designed for challenging terrain.
- Powerful Off-Grid Capability: Premium Projecta PM200 continuous battery management system (BMS), 100Ah lithium battery on chassis, dual battery boxes for future expansion, and 360W (2 x 180W) of high-efficiency flexible rooftop solar panels.
